SPECTACULAR FRONT LINE TO THE SEA DETACHED REFORMED

Villa for sale in Moraira. A four bedroom, three bathroom, two storey villa situated on the coast road between Moraira and Calpe and close to the gorgeous La Fustera beach. The villa was the subject of a major reform in 2016 creating a dream villa with amazing sea views from the Rock at Calpe to the Moraira headland from both floors and the pool terrace. The ground floor at pool level has four double bedrooms, two of which have en-suite bathrooms. Additionally, there is a third bathroom and a guest cloakroom. An internal staircase leads to the open plan first floor with separate sitting and dining areas and a very large open kitchen, all with stunning sea views. Three sets of double doors lead out to the first floor sun terrace and outside dining area. Multiple parking and a double garage.
