UNUSUAL PROPERTY ON PLA DEL MAR

Villa for sale in Moraira. Plá del Mar is a highly prestigious urbanisation closer to the village, beach and marina than any other. A five minute walk takes you to the centre of the village. It is also very peaceful as there is only one way in and out with no through traffic. This unusual property comprises a level mostly lawned plot with a 9 x 5 metre swimming pool and two small separate single storey small villas. One of them comprises 54 square metres with a large windowed living room, open kitchen, a bedroom, a bathroom and sun terrace. The second has 45 square metres and consists of two bedrooms, a bathroom, a store room, laundry and an outdoor kitchen. South west facing with a small view of the sea. A unique property in a very desirable location with ample scope for further development.
