FISHERMAN'S COVE VIEW, MORAIRA

Close to El Portet, this compact detached villa is situated in a very tranquil and delightful area, enjoying fine panoramic views and a small sea view through Fisherman's Cove. It offers so much potential and lies on a mainly flat and colourful easy-maintenance plot with some fruit trees. There is multiple off-road parking, an integral garage and plenty of space for a swimming pool. A south-facing terrace and naya lead into an enclosed kitchen, traditional Spanish floor- and wall-mounted units, built-in oven, hob, extractor, and granite tops. There is a spacious L-shaped lounge/diner with a cast iron burner, and a separate fully-glazed second lounge facing east for the early morning sun with lovely views. Two bedrooms and a bathroom complete the package. The property also benefits from gas central heating by radiators.
